Our structure is our strength!

The Simulation Team benefits from its structure, being composed of multiple projects and initiatives that have been active in Modelling & Simulation for many years. The Simulation Team represents a unique opportunity involving top quality international collaboration.

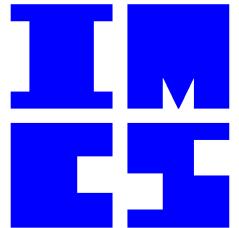

Simulation at Work

The Simulation Team offers a wide range of innovative products and services for markets such as aerospace, communications, energy, environment, defense, electronics, engineering, health care, medicine, etc.

CENTRAL & SOUTH ITALY SECTION CHAPTER

The day that grief visits our hearts is not a time for short summaries and quick snapshots of our loved one's life. It is a time to remember deeply a man how's ready to sacrifice for Noble Goals, me and all his friend here in Iraq, we will never forget one of Italian heroes and how he helped our People against the Terrorism at the time where the real friend were very few. We will never forget a man with big heart and a sweetest smile such as Gianni.
