The 14th International Multidisciplinary & Simulation Multiconference

The day that grief visits our hearts is not a time for short summaries and quick snapshots of our loved one's life. It is a time to remember deeply a man how's ready to sacrifice for Noble Goals, me and all his friend here in Iraq, we will never forget one of Italian heroes and how he helped our People against the Terrorism at the time where the real friend were very few. We will never forget a man with big heart and a sweetest smile such as Gianni.

The 14th International Multidisciplinary & Simulation Multiconference

Barcelona, Catalonia, Spain,

Norbert Giambiasi has been a Leading Scientist in International Simulation Community. He was Full Professor in University of Aix Marseille and Founder of LSIS (Laboratoire des Sciences de l'Information et des Systèmes). Norbert was known worldwide as a leader in the field of Modeling and Simulation, and a pioneer of the DEVS (Discrete Event Specification) formalism. He was director of LSIS for many years as well as member of McLeod Institute of Simulation Science, M&S Net, Simulation Team, I_M_CS and Liophant Simulation.
